VISITOR & CONTRACTOR SAFETY RULES

PARKING

Please park in one of the visitors spots to the front of the building (marked V). If there are no spaces left please use the top / overflow car park.

This is accessed by exiting the main car park, turning immediately left and left again.

Once parked please descend the steps and press the white button (left hand side of the main door) to request entry.

HAZARDS

Magnetrons and magnets generate strong magnetic fields which are present in certain areas of our site magnetic systems which may interfere with some implanted medical or metallic devices.

For your safety, our manufacturing area contains magnetic systems that can affect implantable devices (such as pacemakers) or ferromagnetic prostheses.

To ensure visitor safety, please confirm whether you have such a device / implant. This information is used solely to ensure your health and safety purposes during your visit / time here and will be deleted after your visit. For more detail, see our Privacy Notice.

You will not be able to enter the factory building.

Our equipment also emits heat and parts may be hot - please do not touch.

A fork lift truck operates on site, please be aware of it's movement.

We utilise a variety of chemicals. Please do not handle or come into contact with chemicals or parts which may be contaminated.

SIGNING IN AND OUT

Please ensure that you sign in and out on each visit. If you need to leave and return to site you must sign in and out each time. Use the keyboard and screen adjacent and click on the Visitors tab. Click on your name / type your name if it is not listed and press enter. The voice activation will welcome you

If this is unavailable please use the sheet adjacent and sign in.

Wait in reception until your TCL host collects you.

VISITING

Stay with your host at all times, unless you have been provided a work permit to undertake work on our behalf.

Do not enter areas without permission.

CONTRACTORS

PPE / RPE

Wear the required PPE - Personal Protective Equipment.

As a minimum safety footwear with toe protection is required in the production areas.

Additional requirements may include gloves and glasses / goggles (task specific) and a Respirator (RPE)

SMOKING

No smoking is allowed in any work area or within the facility.

There is a designated smoking area to the rear of the premises. Please ask your host if you require access.

All cigarette stubs must be stubbed out completely and placed in the cigarette stub container.

CONFIDENTIALITY

Please ensure that you adhere to the confidentiality agreement / NDA.

Do not take any photographs without asking permission and permission being granted.

ACCIDENTS / FIRST AID

If you have an accident, near miss or notice an incident please report this IMMEDIATELY to your host or if not available to the nearest individual who will advise Management.

We have first aiders on site and first aid kits. They will assess any injury and provide treatment. In terms of a serious accident 999 will be called.

FIRE

If you see smoke or a fire raise the alarm immediately, advising the nearest person of what you have seen and where it is.

Do not attempt to tackle the fire.

If you hear the alarm immediately leave by the nearest exit and follow the signs to the top / overflow car park.

Stay there and wait for your name to be called.

Only re-enter the building once the Fire Officer (if 999 called)/ Fire Warden has advised it is safe to do so.

Please see the following page for further details.

OTHER EMERGENCIES

Any spills must be reported immediately and managed to prevent harm to the environment.

The Basics - stem the flow, surround the spill, soak it up, dispose of the contaminated materials by double bagging and labelling as hazardous waste.
